MEMORANDUM

SUBJECT: Delivery of Napalm Letter to Dwight Thomas

FROM: George Hess *GKH*  
FIRE/EP&R/ENSV

TO: Henry F. Rompage  
CNSL

On January 12, 1987, Russ Krohn, TAT, and I delivered the attached letter to the Dwight Thomas residence, Centerview, Missouri, at your request.

We arrived at the residence at approximately 1055 hours. No one answered the door when we knocked so the letter was pushed between the door and door jamb just below the knob. It appears the two 55-gallon drums identified during the October 1986, removal as containing napalm have not been removed from the property.

Mr. Dwight Thomas  
[REDACTED]

Dear Mr. Thomas:

During a telephone conversation with Ruben McCullers on November 21, 1986, you agreed to review files maintained at American Steel Works, Inc., to determine how American Steel obtained certain napalm from the U.S. Navy. The napalm is currently on site at your property in Johnson County, Missouri, and needs to be disposed of properly.

To date we have not received the signed RCRA Manifest indicating shipment to a disposal facility. Please provide information to Ruben McCullers within five (5) days of receipt of this letter, indicating whether or not the napalm has been shipped for disposal.

If we do not hear from you within the time specified, we will notify the Naval Sea System Command, the original generator, to seek their assistance regarding proper and expeditious disposal of the napalm.

Sincerely yours,

Henry F. Rompage
